# INSTRUCTIONS 4 SLIMMATE II DRUM WASH STATION PN23299 - Kit- McGyver 4 Sta Sink EUR

## Introduction

Mobile satellite toilets and accessories must be assembled according to specified assembly procedures. Deviations during assembly may affect the product life and warranty.

## TOOLS:

- Cordless screwdriver ● 30mm Hole Saw ● 5mm Drill ● Rivet gun ● Marker

## Parts list:

#	PN	Description	Quantity per drum with 4 Slimmate II
1	8005-602	Trash Can: BLK for Family Unit	1
2	8150-605	Towel Dispenser: Gray	2
3	PN34037	Dispenser- Bulk Refill	2
4	20621	Slimmate II DGRY	4
5	30459	Container- 55 Gal Op/Hd	1
6	11024	Rivet- #610 Aap	8
7	11315	Washer- 3/16 Rivet Stnls	16
8	11361	Washer- 3/16 Id Fender	8
9	14427	Rivet- 3/16 Trifix Alum Lf	18

1) Remove the basin and the drain hose. Drill a 5mm hole in the back wall of the Slimmate II tank, aligned 9cm from the existing hole.

2) Place the Slimmate II tank with the back against the #5 drum. Transfer the two 5mm holes and the 30mm hole for the drain hose with the marker to the barrel.

3) Drill the 5mm holes with the 5mm drill through the barrel.

4) Drill the 30mm hole with the 30mm hole saw through the barrel.

5) Insert from inside, through the two 5mm holes once each #6 rivet with #7 washer and #8 washer through the barrel and #4 Slimmate II tank.

6) Put a washer over the rivet in #4 Slimmate II Tank #7 and rivet it. Then insert the drain hose into the drum and put the basin back on the Slimmate II tank. Repeat this on all four sides of the barrel.

7) Order them on the barrel as shown in the picture below.

8) Align the #2 towel holder with #1 trash can.

9) Transfer the holes from the back of the #2 towel holder to #1 trash can and drill them with the 5mm drill bit. Then rivet them with #9 rivet. Repeat this on the opposite side of the #1 trash can.

10) Align the #3 Dispenser on the #1 trash can.

11) Transfer the drill holes from the back of the #3 Dispenser to #1 trash can and drill them as well with the 5mm drill bit. Then rivet them with #9 rivet. Repeat this on the opposite side of the #1 trash can.

12) Place the #1 waste bin with the mounted 2x #3 Dispenser and 2x #2 towel holders on the #5 drum and align it.

13) Drill 4x 5mm holes from the top through #1 waste bin through the lid of the barrel.

14) Rivet the trash can from below with 4x #9 rivets.

15) Put the lid of the barrel back on, fix it with the clamping ring.
